

# Rheumatology healthcare worker and patients training programmes: Lessons from Kenya: Prof Omondi Oyoo

## **Challenges:**

- lack of medical personnel . 7 rheumatologists for 41 M Kenyans.

## **What has been done:**

- Training mid-level providers in detection, diagnosis and management of disease.  
( Uwezo musculoskeletal health training programme and ILAR-East Africa Rheumatology Initiative)
- Develop and utilize the skills and experience of patients.
